# Communications and Public Policy

COPP 2033 R. J. M.

Year 3

Semester 1

COPP 3013 R.

COPP 3023 E. S. R.

Semester 2

COPP 3033 P. P. M.

Year 4

Semesters 1 and 2

COPP 4006 G. S. P. P.

COPP 4016 I. R.

COPP-1013. Introduction to Communications

Introduction to Communications is a course that provides students with a comprehensive understanding of the communication process. It covers the theoretical foundations of communication, including the study of communication models, the role of communication in society, and the impact of technology on communication. Students will also explore the practical aspects of communication, such as writing, speaking, and listening skills. The course is designed to equip students with the knowledge and skills necessary to become effective communicators in a variety of professional and personal contexts.

COPP-1023. Introduction to Policy Studies

Introduction to Policy Studies is a course that explores the process of policy-making and the role of government in society. It examines the theoretical and practical aspects of policy-making, including the identification of public problems, the formulation of policy options, and the implementation of policy. Students will also explore the impact of policy on society and the role of various stakeholders in the policy-making process. The course is designed to provide students with a comprehensive understanding of the policy-making process and the role of government in society.

COPP-2013. Fundamentals of Writing

Fundamentals of Writing is a course that provides students with the skills and techniques necessary to become effective writers. It covers the basics of writing, including the development of a thesis statement, the organization of an essay, and the use of evidence to support arguments. Students will also explore the importance of writing in various professional and personal contexts. The course is designed to provide students with the knowledge and skills necessary to become effective writers in a variety of contexts.

COPP-2023 Policy Making in the Information Age (POLS 2333)

Policy Making in the Information Age is a course that explores the challenges of policy-making in the digital age. It examines the impact of technology on the policy-making process, including the role of social media, the internet, and big data. Students will also explore the role of government in the information age and the challenges of balancing privacy and security. The course is designed to provide students with a comprehensive understanding of the challenges of policy-making in the information age.

COPP-2033. Research Methods

Research Methods is a course that provides students with the skills and techniques necessary to conduct research. It covers the basics of research, including the development of a research question, the design of a study, and the collection and analysis of data. Students will also explore the importance of research in various professional and personal contexts. The course is designed to provide students with the knowledge and skills necessary to become effective researchers in a variety of contexts.

COPP-3013. Rhetoric

Rhetoric is a course that explores the art of persuasion and the role of rhetoric in society. It examines the theoretical and practical aspects of rhetoric, including the study of rhetorical theory, the analysis of rhetorical texts, and the development of rhetorical skills. Students will also explore the impact of rhetoric on society and the role of rhetoric in various professional and personal contexts. The course is designed to provide students with a comprehensive understanding of the art of persuasion and the role of rhetoric in society.

Public Policy: COPP 2013, COPP 2023, COPP 2033.

**COPP-3023. Ethics and Social Responsibility**

This course explores the ethical and social responsibilities of public relations practitioners. It covers the history of public relations, the role of public relations in society, and the ethical challenges faced by public relations professionals. Public Policy: COPP 2013, COPP 2023, COPP 2033.

**COPP-3033. Public Policy and the Media (POLS 3213)**

This course examines the relationship between public policy and the media. It covers the history of public policy, the role of the media in public policy, and the ethical challenges faced by public relations professionals. Public Policy: COPP 2013, COPP 2023, COPP 2033.

**COPP-3043: Business Communications and Marketing**

This course explores the relationship between business communications and marketing. It covers the history of business communications, the role of business communications in marketing, and the ethical challenges faced by public relations professionals.

**COPP-4006. Case Studies in Public Policy**

This course examines public policy through case studies. It covers the history of public policy, the role of public policy in society, and the ethical challenges faced by public relations professionals. Public Policy: COPP 3013, COPP 3023, COPP 3033.

**COPP-4016. Internship**

This course provides students with a practical experience in public relations through an internship. It covers the history of public relations, the role of public relations in society, and the ethical challenges faced by public relations professionals. Public Policy: COPP 3013, COPP 3023, COPP 3033.

# Digital Journalism and New Media

T, M, D, J, N, M, G

## Digital Journalism and New Media Major

S, D, J, N, M, G 36

### JOUR-1113. Fundamentals of Effective Writing

G, G, D, J, N, M, G

### JOUR-1023. The Message: Great Stories of Journalism

T, S, G, G, J, N, M, G

### JOUR-2033. Local Reporting, Global Media

T, G, J, N, M, G

• The course is designed to provide students with a comprehensive understanding of the power of narrative in journalism.

### JOUR-3033. The Power of Narrative

This course explores the role of narrative in journalism, examining how stories are constructed and how they influence public opinion. Students will learn to identify narrative techniques and apply them to their own reporting.

### JOUR-3143. Documentary

This course focuses on the production and distribution of documentary films. Students will learn about the history of documentary, the ethical considerations involved in filming real events, and the various techniques used to create compelling documentaries.

### JOUR-3153. Digital Journalism

This course examines the impact of digital technology on journalism. Students will learn about digital news production, social media's role in news dissemination, and the challenges of maintaining journalistic integrity in a digital age.

### JOUR-3163. New Media and Social Change (COPP)

This course explores the relationship between new media and social change. Students will analyze how digital platforms have transformed social movements and how they have influenced public discourse.

### JOUR-3173. Interviewing and the Art of Inquiry

This course teaches the skills and techniques of effective interviewing. Students will learn how to ask open-ended questions, listen actively, and build rapport with interviewees to uncover the truth.

### JOUR-4106. Senior Seminar in Journalism

This is a capstone course for journalism students. It provides an opportunity for students to apply their knowledge and skills in a practical setting, often through a final project or a series of assignments that address current issues in the field.

### JOUR-4116. Journalism in the Field

This course offers students a hands-on experience in journalism. They will spend time in the field, reporting on real events and interacting with the community. This practical experience is essential for developing the skills and perspective of a professional journalist.
